Managing Invention Seminar

Tuesday, March 6th, 2012
CNSI Auditorium
From 12:00 PM - 1:00 PM, reception to follow

FEATURED SPEAKER:
Vinton G. Cerf
Vice President and Chief Internet Evangelist, Google

"Web 3.0 and Beyond: Implications for Science, Medicine, Business, and the Arts"

ABOUT THE SERIES:
The CNSI and the IMED Seminar Series are teaming up to create a new educational seminar series that will be held once a month - called "Managing Invention". These seminars will focus on the actual logistics of how to manage and build on discoveries here on campus. The goals of this series are to connect the UCLA community, bring to light available resources, and communicate the stories of successful discoveries.
